

FLAG TOURNAMENT (WEAR RED, WHITE, AND BLUE)

You will receive a flag with a number that is Par 71 plus 50% of your handicap. Keep track of all strokes. To speed up play, we are allowing gimme putts and double par. Please mark **DP** on each hole that you pick up and take double par. This can be used against you in case of a scorecard playoff. When your score reaches the number on your flag, place your flag next to the cart path nearest the spot where your ball comes to rest. On your scorecard, note the distance from the pin as shown on the cart GPS where your ball lands and you place your flag. If in a hazard, in a bunker, or in the rough, please place your flag next to the cart path nearest the position where your ball comes to rest. On the green, please measure the distance from the hole to your ball. Write your name and distance on the clipboard and place your flag near the clipboard. If you hole your ball, place your flag next to the cart path at the next tee box. **You must exchange scorecards or be disqualified.**
